Greetings from the Calgary Firearms Centre and Conservation Education Centre for Excellence:

Welcome to another shooting season at the Calgary Firearms Centre! We are pleased to present the 2024 Shoot Program, outlining our registered and non-registered trapshooting events for the year. We extend a big welcome to all visiting shooters to our facility.

The Calgary Firearms Centre is a public shooting facility, open year-round, and offers trapshooting, skeet, and sporting clays to target sport enthusiasts. We have experienced coaches to assist first-time shooters and there is also rental equipment available. You do not have to be a member to enjoy the shotgun sports at the Calgary Firearms Centre, however if you wish to purchase an annual membership you will benefit from reduced target costs and discounts at the pro-shop. We also have a wide variety of shotguns for sale for all abilities and budgets. You can try them out on our range before you buy, and we will assist with fitting and adjustments once purchased.

If you haven't visited the Calgary Firearms Centre in some time, you will be surprised by the many changes that have recently taken place! In 2023 both floors of the clubhouse, including the kitchen, were thoroughly renovated. We now have the capacity to host large events of up to 250 people, as well as provide classes and workshops on the second floor. On your next visit take time to see the new Alberta Provincial Trapshooting Association Hall of Fame and trophy room. Outdoors we have been busy working on the sporting clays course, which we plan to have completed in 2024.

Did you know that we have a 70-yard archery range with permanent backstops for all types of bows, including compound, recurve, and longbows? The range is available to AHEIA members and is open during the centre's hours of operation. This summer we have plans to install a new 3D archery course, which will challenge archers of all levels of ability.

For those interested in pursuing target shooting or archery, we have leagues in the spring and fall on Wednesday evenings, for both women and youth. Whether it is archery or trapshooting, you will be coached in skill development by our staff and dedicated volunteers, in a controlled and safe environment. Equipment for both the Shotgun and Archery Leagues is provided, or bring your own if you prefer. If you would like more information about the leagues, or to register, visit our website at aheia.com, contact the Calgary Firearms Centre at (403) 256-0665, or email cfc@aheia.com.

The Calgary Firearms Centre is owned by the Alberta Hunter Education Instructors' Association, a non-profit organization committed to educating the public on the importance of protecting wildlife and outdoor spaces. We offer many on-line classes and in-person programs, province wide, including the Alberta Hunter Education Program, Canadian Pleasure Craft Operating Training, Canadian Firearms Safety Courses, and our Fishing Education Program. We also offer outreach programs at schools, and outdoor experiences through special events and camps at our Alford Lake Conservation Education Centre for Excellence. Each year we educate over 100,000 students through our broad spectrum of conservation education programs, making us one of North America's largest and most respected associations of its kind. For more information about all that we offer, please visit our website at aheia.com.

One of our primary objectives at the Calgary Firearms Centre is to encourage people to try the shooting sports, in hope that they will find a new and fun activity in which they can safely participate. We hope you take advantage of our welcoming environment, friendly staff and one of the best views of Calgary, and give it a try. To those shooters returning to the Calgary Firearms Centre, I wish you the best of luck in the 2024 shooting season and we look forward to seeing you soon.

Robert A. Gruszecki, President.

GENERAL INFORMATION

- Prices**All services at the Calgary Firearms Centre are subject to GST. Prices listed in this Program do not include GST. **Target prices are subject to change without notice in the event of an increase in the price of targets to the club.**
- Shells**Reloads will be permitted at all tournaments. A limited number of factory-loaded shells will be available at prevailing prices. A valid firearms license (PAL or POL) is required to purchase shells at the Calgary Firearms Centre.
- Camping**A limited number of camping spaces are available at \$10.00 per night. Power and water are available at \$15.00 per night, but the number of spaces with this service is limited. Washrooms and showers in the clubhouse will be open on shoot days. Campers please report to the Cashier's Desk. All campsite bookings should be made through cfc@acheia.com or by calling the Calgary Firearms Centre at 403-256-0665.
- Practice Traps**Practice traps will be open during shoots. Practice rounds will be at regular Calgary Firearms Centre rates.
- Shoot Offs**All ties will be shot-off or carried over at the discretion of shoot management. Shooters are responsible for determining whether they are in a shoot-off and for reporting to the shoot-off when called. Shooters who fail to report timely will forfeit.
- Junior Shooters**Junior and Sub-Junior shooters will be exempt from target and trophy fees **provided that they do not play any purse or option in any event.** Junior and Sub-Junior shooters must pay ATA Day Fees and APTA Fees where applicable.
- Straight Pins**The Calgary Firearms Centre will award 100 Straight Pins to shooters scoring 100 in any event or sub-event of that length and 200 Straight Pins to shooters scoring 200 in an event of that length.
- House Guns**The Calgary Firearms Centre has a limited number of shotguns available for use by shooters. To use guns without direct supervision of Calgary Firearms Centre personnel, the user must have a valid firearms license (POL or PAL). Please check with the Cashier for rates.
- Alcohol**Alcohol is restricted to camp shelters or camping areas. Shooters are reminded of ATA rules which prohibit consumption of alcohol or drugs during participation in any event or sub-event or between events or sub-events, including shoot-offs.
- Trophies**Shoot management reserves the right to amend the trophy schedule for any shoot. If changes are made, they will be posted prior to beginning of the first event of the shoot.

CLASSIFICATION AND HANDICAPPING

- Classification will be based on official averages and known ability. In all cases, known ability will have a strong bearing on classification. Shoot management reserves the authority to change the classification of any shooter at any time and the additional authority through proper channels with the ATA to make any yardage change they deem necessary.
- Shooters are required to have their 16-yard and doubles averages computed prior to registration. Shooters who present an average card without all targets recorded and/or without averages being calculated **will not be classified until the card is completed.**
- The following classification table will be used as a basis for all shoots **other than the Provincial Championships and the Western Zone:**

16 Yards		Doubles	
AA.....	97% & over	AA.....	93% & over
A.....	94% & under 97%	A.....	89% & under 93%
B.....	91% & under 94%	B.....	85% & under 89%
C.....	88% & under 91%	C.....	78% & under 85%
D.....	Under 88%	D.....	Under 78%

NOTICE TO SPECIAL CLASSIFICATION SHOOTERS

Lady I, Lady II, Veteran, Senior Veteran, Sub Veteran, Junior, Junior Gold and Sub-Junior shooters must declare themselves at the time of classification in order to be eligible for special category trophies, if available. ***It is the responsibility of special category shooters to ensure that their special category has been noted on their entry form prior to cashiering for the first event entered.***

RULES AND REGULATIONS

All tournaments will be governed by the rules of the Amateur Trapshooting Association. Every person who enters a competition agrees to abide by the rules of the Amateur Trapshooting Association **and** the terms of this Program **and** to accept all decisions of shoot management.

THE MOST TRUSTED NAME IN WORLD WIDE HUNTING

PURSES AND OPTIONS

There are no compulsory purses in these tournaments. You may shoot for targets and trophies only or play any purses or options in the program.

Purse.....One purse (no yardage split) divided 50/30/20% – hi-gun system.

50's Option.....Three 50's. The first and second 25 target sub-events constitute the first 50, the second and third 25 target sub-events constitute the second 50, and the third and fourth 25 target sub-events constitute the third 50. Entries divided equally into three purses, one for each 50. Each purse divided 50%/30%/20% – percentage system.

Lewis.....One class per seven shooters entered. A number of entries not evenly divisible by seven will be rounded to the nearest seven for the purpose of establishing the number of classes. Maximum three classes in any event. Total purse divided equally among classes. Each class purse divided 60%/40% – percentage system.

50/50 Club Pots.....50/50 Club Pots are made up of three separate 50 straight purses in any 100 target **handicap** event. The first and second 25 target sub-events constitute the first 50, the second and third 25 target sub-events constitute the second 50, and the third and fourth 25 target sub-events constitute the third 50. Entry fee is \$9.00, of which \$3.00 will be added to each purse. Any shooter who plays the 50/50 Club Pots and breaks all of the targets in any 50 will receive 50% of the purse for that 50. If more than one shooter breaks all of the targets in any 50, they will divide the 50%. Club Pots are progressive and will be carried over from one handicap event to the next, from one shoot to the next and from one year to the next. Entry fees paid at a shoot are added to pots after payoffs are calculated for the shoot.

Special Event.....Proceeds of all bids (less 10% retained by the Club as an administration fee) and shooter entry fee of \$10.00 form the purse. Purse will be divided into one money per seven shooters entered (rounded to the nearest seven) – hi-gun system. Shooter 25%, buyer 75%.

Best of Luck

Ranch

SAFETY

- The practice of tracking targets behind a shooting squad is unsafe, disconcerting to the shooters, and is not permitted.
- A gun, which for any reason fails to fire as intended, must be promptly opened without any subsequent determination by the referee/scorer of the cause of the failure to fire.
- Test shots will not be permitted under any circumstance.
- All guns must have the action opened and contain no live or empty shells at any time, except while the shooter is on the firing line. A break open gun may be closed when it is in a gun rack but it shall not contain a live or empty shell. A gun other than a break open gun must have the action open when it is in a gun rack and it shall not contain a live or empty shell.
- A shooter may place a live shell in his gun only when on a post facing the traps. In singles or handicap a shooter may place only one shell at a time in his gun. In Doubles a contestant may place two shells at a time in his gun. All live and empty shells must be removed from the gun before moving from one post to another. Snap caps or recoil reduction devices may be excluded from the foregoing only if colored a safety orange so as to permanently identify them as not being a live or empty shell. In changing from one post to another, it is highly recommended the shooter not walk in front of other shooters.
- A shooter must not in any manner interfere with the preceding shooter by raising his/her gun to point or otherwise create an observable distraction.
- Shooters are not permitted to shoot while seated in or otherwise using a golf cart on the firing line. Single passenger conveyances are the appropriate means for participating should one require assistance due to permanent or temporary disability.
- All guns must be equipped, fitted and used so as not to eject empty shells in a manner that substantially disturbs or interferes with other contestants.
- If a flag, orange pylon or stop sign appears on the traphouse, immediately unload your gun and wait until it is removed, indicating ready.
- Do not place your hand or any other part of your body over the muzzle of your gun. The practice of resting the muzzle of a shotgun on a shooter's toe is discouraged.
- Do not point your gun in the direction of any person even though you know the gun is not loaded.
- Only target loads conforming to ATA specifications may be used.
- Each shooter must have his own gun while on the firing line. The practice of sharing a gun on the firing line is dangerous and will not be allowed.

- Protective shooting glasses and ear protection must be worn.
 - All empty hulls that hit the ground are the property of the Club.
 - All adjustments of the trap machines will be done by authorized personnel only.
 - All loading of trap machines will be done by authorized personnel only.
 - The Calgary Firearms Centre reserves the right to refuse shooting privileges to any individual possessing faulty firearms and/or ammunition. The Calgary Firearms Centre also reserves the right to expel any individual who, in the opinion of shoot management, disrupts the harmony of a tournament.
 - The Calgary Firearms Centre assumes no responsibility for injuries or damages resulting from the use of firearms. The Calgary Firearms Centre assumes no responsibility for the use of faulty firearms or ammunition.
 - The Calgary Firearms Centre reserves the right to refuse shooting privileges to individuals who, in the opinion of shoot management, are not in a mental or physical condition to handle a firearm.

STEEL SHOT AMMUNITION

THERE IS NO SHOTGUN SAFER THAN A FABARM

Capable of shooting steel shot ammunition with all choke tube sizes including IMP. MOD. and FULL.

The only barrel to have a test protocol of 1630 BAR pressure rating with the National C.I.P Proof House.

The TRIBORE HP barrel provides better distribution and deeper penetration from medium and long range shots.

Their INNER HP and EXIS HP choke tubes have a hyperbolic profile allowing for unequalled shot distribution.

FABARM®
