

Discounts for AHEIA Members

www.ctoms.ca

CTOMS (Canadian Tactical & Operational Medical Solutions) has created a custom course discount for ALL AHEIA members interested in completing the online **Police Officer Down (POD) Survival Course**. A course outline is listed below.

AHEIA members will receive 60% off the regular course price of \$150.

To take advantage of this opportunity, members simply need to follow these steps:

- Go to: <https://onlinetraining.ctoms.ca/>
- Register and choose **AHEIA** as your Agency/Group.
- Add the Police Officer Down (POD) Survival Course to your cart.
- At checkout, use coupon code: **AHEIA60%** for a 60% discount on the retail price.

Upon completion of the course, a certificate will be generated that members can print off.

A promotional image for the POD Survival Course. It features a tactical medic in full gear, including a helmet, goggles, and a vest with a "MED" patch, crouching in a dusty, outdoor environment. On the left side of the image, there is a dark rectangular box containing white text. The text describes the course as a comprehensive program for self-aid and buddy-aid, covering topics like hemorrhage control, tourniquets, and tactical rescue. The CTOMS logo is positioned below the text box. In the bottom left corner of the image, the Alberta Hunter Education Instructors' Association logo is displayed.

THE POD™ SURVIVAL COURSE is a comprehensive program that teaches the essentials required to provide self-aid and buddy -aid with respect to the environmental situation around us. The POD™ course does not replace standard first aid but rather elevates our own personal knowledge in tactical first aid. The course covers hemorrhages control, tourniquets and wound packing, basic airway management, and tactical rescue concepts among many other essential topics.

CTOMS™

ALBERTA HUNTER EDUCATION
INSTRUCTORS' ASSOC.

This image shows a comprehensive food preparation area. In the background, a large stainless steel Bradley Smart Smoker stands prominently. To its left is a red thermal container with yellow lids. On the right, a blue and white striped apron hangs over a silver flexible duct. The foreground is a white countertop densely packed with various items: several packages of meat (including one labeled 'Diced No Melt'), bags of cheese, jars of sauce, fresh herbs, carrots, and other vegetables. Kitchen tools are scattered across the counter, including a meat slicer, a food processor, multiple knives with black and yellow handles, a pair of scissors, and a digital scale. Several tubes of sausage casing are also visible.
