## *Greetings from the Calgary Firearms Centre and Conservation Education Centre for Excellence:*

The Alberta Hunter Education Instructors' Association (AHEIA) and the Calgary Firearms Centre & Conservation Centre for Excellence (CFC) are pleased to welcome shooters to the 2021 shotgun season. We extend a special welcome to visiting shooters participating in our Provincial Tournament, being held July 21-25, 2021.

Our primary goal at the Calgary Firearms Centre is providing a positive and safe experience to all levels of shooters. Over the past few years there has been a resurgence in the shooting sports, and we at the CFC embrace the opportunity of introducing trap, skeet and sporting clays to those who wish to participate. We were delighted with the number of members and new shooters who visited in 2020, even with the imposed restrictions due to the health crisis. The combination of safety protocols, excellent equipment and convenient location just minutes south of Calgary, strengthened our position as the busiest facility of its kind in North America.

In order to comply with public health regulations and ensure the safety of our staff, volunteers and customers, the clubhouse will remain closed until the Alberta Health Authority deems it safe to be open. Our restrooms are available for use through a separate entrance, and we continue to accommodate registration through a wicket on the north side of the building. Sanitizer is located at each shooting station, and we encourage you to social distance and wear masks when attending the facility.

This visible growth of the shooting sports is reflected in the popularity of our Youth and Women's Shooting Leagues, which occur on Wednesday evenings throughout the summer months. Experienced coaches mentor shooters, helping them to develop skills and technique in a safe and fun environment. Whether you are a first-time shooter interested in trying a new activity, or wish to become more proficient in the sport, consider participating in one or more of the three sessions being offered this year. Visit our website, [aheia.com](http://aheia.com), or call the Calgary Firearms Centre at (403) 256-0665 for more information and to register.

This year we are excited to be offering a full complement of registered trap shoots, and details of all the shoots are outlined in this program. Throughout the summer we also offer workshops, special events and accommodate private functions which may limit access to the facility from time to time. Be sure to call ahead before coming to the range, or check our website for information on closures or restricted public use. If you would like to book one or more fields, or even the entire facility for a special event, we will happily work with you to accommodate your requirements and can provide coaching, firearms rentals, and ammunition. Individual coaching is also available for first-time visitors to the range. Please call ahead to schedule a private coaching session.

Did you know that the Alberta Hunter Education Instructors' Association offers an extensive collection of educational and training programs, both online and at our many centres throughout Alberta? From the Alberta Hunter Education Certification Program, to the Canadian Firearms Safety Courses, the Pleasure Craft Operator Training Course and the Alberta Fishing Education Program, our renowned courses will provide you skills to further enjoy our province's outdoor spaces. Visit our website and explore the many programs that are available online, as well as our free Outdoor Wildlife Learning (O.W.L.) Series of workbooks and videos. Long-running camps, such as the Youth Hunter Education Camps and the Outdoor Women's Program at our Alford Lake Camp & Conservation Education Centre for Excellence, introduce students to outdoor activities through hands-on experiences. We encourage you to become connected with Alberta's abundant wild spaces through educational programs offered by our not-for-profit association and join what is now over two million graduates of our programs as an ambassador of Conservation Education.

On behalf of everyone at AHEIA and the Calgary Firearms Centre, we wish you a safe and enjoyable shooting season and all the best in 2021.

Sincerely,

Robert A. Gruszecki, President.

## PURSES AND OPTIONS

There are no compulsory purses in these tournaments. You may shoot for targets and trophies only or play any purses or options in the program.

**Purse** ..... One purse (no yardage split) divided 50/30/20% – hi-gun system.

**50's Option** ..... Three 50's. The first and second 25 target sub-events constitute the first 50, the second and third 25 target sub-events constitute the second 50, and the third and fourth 25 target sub-events constitute the third 50. Entries divided equally into three purses, one for each 50. Each purse divided 50%/30%/20% – percentage system.

**Lewis** ..... One class per seven shooters entered. A number of entries not evenly divisible by seven will be rounded to the nearest seven for the purpose of establishing the number of classes. Maximum three classes in any event. Total purse divided equally among classes. Each class purse divided 60%/40% – percentage system.

**50/50 Club Pots** ..... 50/50 Club Pots are made up of three separate 50 straight purses in any 100 target **handicap** event. The first and second 25 target sub-events constitute the first 50, the second and third 25 target sub-events constitute the second 50, and the third and fourth 25 target sub-events constitute the third 50. Entry fee is \$9.00, of which \$3.00 will be added to each purse. Any shooter who plays the 50/50 Club Pots and breaks all of the targets in any 50 will receive 50% of the purse for that 50. If more than one shooter breaks all of the targets in any 50, they will divide the 50%. Club Pots are progressive and will be carried over from one handicap event to the next, from one shoot to the next and from one year to the next. Entry fees paid at a shoot are added to pots after payoffs are calculated for the shoot.

**Special Event** ..... Proceeds of all bids (less 10% retained by the Club as an administration fee) and shooter entry fee of \$10.00 form the purse. Purse will be divided into one money per seven shooters entered (rounded to the nearest seven) – hi-gun system. Shooter 25%, buyer 75%.

## SAFETY

- The practice of tracking targets behind a shooting squad is unsafe, disconcerting to the shooters, and is not permitted.
- A gun, which for any reason fails to fire as intended, must be promptly opened without any subsequent determination by the referee/scorer of the cause of the failure to fire.
- Test shots will not be permitted under any circumstance.
- All guns must have the action opened and contain no live or empty shells at any time, except while the shooter is on the firing line. A break open gun may be closed when it is in a gun rack but it shall not contain a live or empty shell. A gun other than a break open gun must have the action open when it is in a gun rack and it shall not contain a live or empty shell.
- A shooter may place a live shell in his gun only when on a post facing the traps. In singles or handicap a shooter may place only one shell at a time in his gun. In Doubles a contestant may place two shells at a time in his gun. All live and empty shells must be removed from the gun before moving from one post to another. Snap caps or recoil reduction devices may be excluded from the foregoing only if colored a safety orange so as to permanently identify them as not being a live or empty shell. In changing from one post to another, the shooter will not walk in front of the other shooters.
- A shooter must not in any manner interfere with the preceding shooter by raising his/her gun to point or otherwise create an observable distraction.
- Shooters are not permitted to shoot while seated in or otherwise using a golf cart on the firing line. Single passenger conveyances are the appropriate means for participating should one require assistance due to permanent or temporary disability.
- All guns must be equipped, fitted and used so as not to eject empty shells in a manner that substantially disturbs or interferes with other contestants.
- If a flag, orange pylon or stop sign appears on the traphouse, immediately unload your gun and wait until it is removed, indicating ready.
- Do not place your hand or any other part of your body over the muzzle of your gun. The practice of resting the muzzle of a shotgun on a shooter's toe is discouraged.
- Do not point your gun in the direction of any person even though you know the gun is not loaded.
- Only target loads conforming to ATA specifications may be used.
- Each shooter must have his own gun while on the firing line. The practice of sharing a gun on the firing line is dangerous and will not be allowed.

- Protective shooting glasses and ear protection must be worn.
- All empty hulls that hit the ground are the property of the Club.
- All adjustments of the trap machines will be done by authorized personnel only.
- All loading of trap machines will be done by authorized personnel only.
- The Calgary Firearms Centre reserves the right to refuse shooting privileges to any individual possessing faulty firearms and/or ammunition. The Calgary Firearms Centre also reserves the right to expel any individual who, in the opinion of shoot management, disrupts the harmony of a tournament.
- The Calgary Firearms Centre assumes no responsibility for injuries or damages resulting from the use of firearms. The Calgary Firearms Centre assumes no responsibility for the use of faulty firearms or ammunition.

## PRESIDENT'S MESSAGE

### *Dear Fellow Shooters:*

It is my privilege to invite you to the 2021 Alberta Provincial Trapshooting Championships which will be hosted by The Calgary Firearms Centre. As I write this message our country is in a COVID-19 lockdown; we all hope by spring things open up and we can all get on with enjoying our sport. Last year we had incredible turn outs to all the shoots, with most clubs showing big increases in numbers. Thank you to everyone for showing strong support and making 2020 a great success even though we dealt with many challenges. All the clubs did a great job handling the COVID restriction.

This year we have a new APTA Hall of Fame inductee: Rob Docherty. Please join us Saturday night as we recognize Doc for all his accomplishments and attend our annual general meeting. Once again the Bayer Group is generously sponsoring the banquet supper, so a big thanks to them and Garry Hill for making all the arrangements.

The Calgary club always puts on an exceptional shoot with top notch staff and hospitality. I am looking forward to seeing everyone there and let's keep things going with large turn outs and great camaraderie!!

Sincerely,

**Brad Johnson, President**  
*Alberta Provincial Trapshooting Association*

## CLASSIFICATION AND HANDICAPPING

Classification will be based on official averages and known ability. In all cases, known ability will have a strong bearing on classification. The APTA reserves the authority to change the classification of any shooter at any time and the additional authority through proper channels with the ATA to make any yardage change they deem necessary. APTA Board of Directors are the Classification and Handicap Committee for this Shoot. **Any shooter whose classification is not signed by an APTA Director will be disqualified.** Shooters are required to have their 16-yard and doubles averages computed prior to registration. Shooters who present an average card without all targets recorded and/or without averages being calculated **will not be classified until the card is completed.**

### PENALTY CLASSIFICATION AND YARDAGE:

**Singles** ..... A shooter who has less than 1000 total 16-yard targets registered for the current and previous two years will be assigned "A" Class or higher at the discretion of the APTA Director classifying the shooter. There will be no penalty re-classifications during the tournament.

**Doubles** ..... A shooter who has less than 1000 total Doubles targets registered for the current and previous two years will be assigned "A" Class or higher at the discretion of the APTA Director classifying the shooter. There will be no penalty re-classifications during the tournament.

**Handicap** ..... Subject to ATA Rule Section VI (c) 4 a and Section VI (c) 4 b, a shooter will shoot his or her ATA or PITA yardage, whichever is the longest. It is the shooter's responsibility to notify the handicapper if he/she holds or has held a card of another trapshooting association during the current or preceding ATA target year.

Shooters 70 years of age or older who have less than 1000 total Handicap targets registered for the current and previous two years will shoot from assigned yardage or average card yardage, whichever is longer. Assigned yardage for these shooters will be 20 yards.

All other shooters who have less than 1000 total Handicap targets registered for the current and previous two years will shoot from assigned yardage or average card yardage, whichever is the longer. Assigned yardage for these shooters will be 23 yards.

Yardage may be re-assigned if minimums are met during the tournament.

Subject to penalty classification, the following classification table will be used as a basis for this tournament:

| 16 Yards  |                     | Doubles   |               |
|-----------|---------------------|-----------|---------------|
| AAA ..... | 98 & above          | AAA ..... | 96 & above    |
| AA .....  | 96.25 & under 98    | AA .....  | 92 & under 96 |
| A .....   | 94.75 & under 96.25 | A .....   | 89 & under 92 |
| B .....   | 93 & under 94.75    | B .....   | 86 & under 89 |
| C .....   | 90 & under 93       | C .....   | 82 & under 86 |
| D .....   | Under 90            | D .....   | Under 82      |

# THE ALBERTA PROVINCIAL CHAMPIONSHIPS

## NOTICE TO SPECIAL CATEGORY SHOOTERS

Because All American points will be awarded at this tournament, **shooters may declare only one category** (i.e. Lady I, Lady II, Sub-Junior, Junior, Junior Gold, Sub-Veteran, Veteran or Senior Veteran). Chair shooters are exempt from this rule. All Ladies, Sub-Juniors, Junior Gold, Sub-Vets, Veterans, Senior Vets and Chair Shooters must declare their special category at the time of classification in any registered tournament if they wish to compete as a category shooter. Without such declaration, the contestant will not be allowed to compete for the applicable category trophy. No contestant will be allowed to declare or change a special declaration after firing their first shot. If a classification error is discovered BEFORE the close of an event, the error shall be corrected for that event and all subsequent events. If an error is discovered AFTER an event is closed, all corrections shall be made for subsequent events only. In either case, all previous events the shooter shot in will be in the "Open Category". Either case may or may not affect the shooters eligibility for the HOA and HAA, depending on when the error was corrected.

Any Category Shooter tied for Event Champion may shoot-off/carry over for the Championship Trophy. If the Category Shooter fails in the trophy shoot-off/carry over, they will fall back to the declared category.

Closed Runner-up and closed Category Winners may not fall back to Open Champion. All other qualifying closed Category Shooters may fall back in the following order: Open Champion, Closed Class or Place, Open Class or Place.

In an event that has no Champion Trophy, the Category Shooter whose score qualifies for a trophy in their declared category may not fall back to place or class.

Where there is no Category Trophy offered, the Category Shooter is eligible to shoot for class or place trophies.

Any Category Shooter whose score does not qualify for a trophy in their category may compete for place or class trophies.

## RULES AND REGULATIONS

This tournament will be governed by the rules of the Amateur Trapshooting Association. Every person who enters the competition agrees to abide by the rules of the Amateur Trapshooting Association **and** the terms of this Program **and** to accept all decisions of shoot management.

## GRIEVANCES

Because the Provincial Championship tournament is hosted by a club, it has been unclear whether shooters with grievances should address them to the APTA or the club. The APTA Board of Directors has therefore struck a committee consisting of the ATA Delegate and two others to be appointed by the APTA to be responsible for handling all shooter grievances at the tournament. This year's committee is Brad Johnson, Bob Gruszecki and Jim Thomson. Shooters with grievances should contact one of the committee members.

## SAFETY

Safety should always be our number one priority. Please review and abide by the safety rules at the front of this Program and ensure that this is a safe and happy event for all.

# APTA RECORD BOOK

The APTA would like to continue to collect and maintain records of outstanding and lasting performance. In the past, many notable achievements have gone unnoticed because no suitable means of compiling these achievements existed. Often shooters are reluctant to promote their own achievements, yet this information is of interest to most shooters. Some of the categories we are interested in keeping records of are listed below. If you qualify, or know of anyone who qualifies for listing, please inform the APTA Secretary. Please talk to the old-timers, find out if they know people who may qualify and help us establish this record. While every attempt is made to keep accurate records, the onus is on shooters to notify the APTA of any record and of any error in the records.
