Greetings from the Calgary Firearms Centre and Conservation Education Centre for Excellence:

The Calgary Firearms Centre and Conservation Education Centre for Excellence (CFC) and the Alberta Hunter Education Instructors' Association (AHEIA) are pleased to welcome all shooters to the 2023 shotgun season.

We are very excited to be offering all of our registered trap and skeet target shoots and numerous non-registered trap and skeet shooting events this year. It is also our honour to once again be hosting the ATA Provincial Trapshooting Championships in July, and we extend a very special welcome to visiting shooters travelling from Canada and USA for the event. All event dates are listed in this program, or you can find them on our website, aheia.com.

The AHEIA Calgary Firearms Centre has a 50-year-long history of providing clay target sports to the public at this location. Since the early 70s, this 80-acre recreational shooting facility has operated trap, skeet and 5-stand to shooters of all levels and abilities, year-round. We encourage those who are interested in pursuing the sport to visit and give it a try! Our experienced coaches will introduce you to target shooting in a controlled and safe environment, and help you feel comfortable out on the line. It is affordable and fun, with free coaching for first-time visitors, and a broad selection of shotguns available for rent or purchase.

Our popular Women's and Youth Shotgun Leagues will be offering three sessions again this year on Wednesday evenings, ending with a wind-up barbecue in September for all attendees and volunteer coaches. Did you know that the Calgary Firearms Centre also has an archery range and leagues? The range provides targets up to 70 yards and is open during the centre's hours of operation. For those interested in pursuing the sport of archery, we offer Women's and Youth Archery Leagues which provide coaching for all abilities. The archery leagues are a lot of fun and if you are curious about the sport, come to the Introduction to Archery Leagues night on April 26, 2023, at 4:30pm. Equipment for both the Shotgun and Archery Leagues is provided, or bring your own if you prefer. If you would like more information about the leagues, or to register, visit our website at aheia.com, contact the Calgary Firearms Centre at (403) 256-0665 or email cfc@aheia.com.

In 2023 the Calgary Firearms Centre will celebrate our 50th anniversary and we will see numerous upgrades, including a large expansion to the clubhouse which will be capable of holding upwards of 100 people for special AHEIA functions, conservation education programs and Canadian Firearms Safety courses, as well as a sporting clays course on the north end of the property. We are committed to ensuring every visitor to the Calgary Firearms Centre has a safe, enjoyable, and rewarding experience.

The Alberta Hunter Education Instructors' Association, a non-profit organization, owns and operates the Calgary Firearms Centre. Our goal is to educate the public on the importance of protecting Alberta's wild spaces and wildlife through education. This is achieved through a broad spectrum of online and in-class courses, special programs and events at our various facilities, at schools, and through camps at our Alford Lake Conservation Education Centre. AHEIA is entering our 59th year of conservation education in Alberta, where we train upwards of 100,000 students annually and are proud of our legacy of environmental stewardship for the benefit of tuture generations. If you are interested in becoming involved, whether it be through becoming a member, volunteering your time, or through a much-appreciated financial donation, we invite you to contact our head office at (403) 252-8474 or info@aheia.com.

On behalf of all of us at AHEIA and the Calgary Firearms Centre, it is my pleasure to extend a warm welcome once again to each of you, and the best of luck in the 2023 shooting season.

We look forward to seeing you at the Calgary Firearms Centre soon!

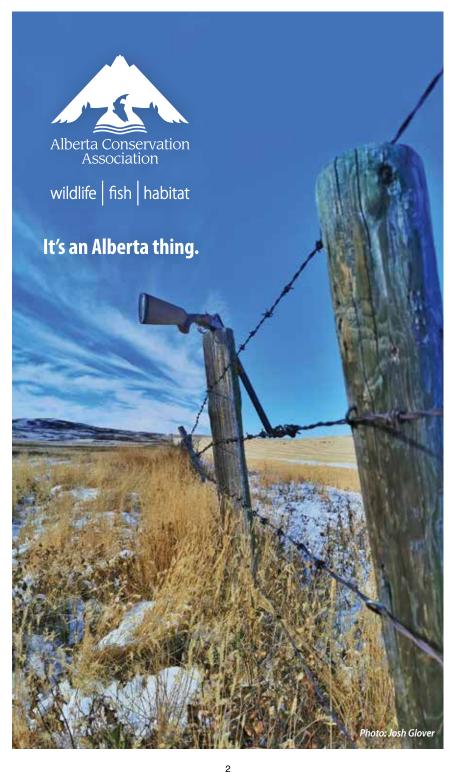

Robert A. Gruszecki, President

CLASSIFICATION AND HANDICAPPING

- Classification will be based on official averages and known ability. In all cases, known ability will have a strong bearing on classification. Shoot management reserves the authority to change the classification of any shooter at any time and the additional authority through proper channels with the ATA to make any yardage change they deem necessary.
- Shooters are required to have their 16-yard and doubles averages computed prior to registration. Shooters who present an average card without all targets recorded and/or without averages being calculated will not be classified until the card is completed.
- The following classification table will be used as a basis for all shoots other than the Provincial Championships and the Western Zone:

16 Yards	Doubles	
AA 97% & over	AA 93% & over	
A 94% & under 97%	A 89% & under 93%	
B 91% & under 94%	B 85% & under 89%	
C 88% & under 91%	C 78% & under 85%	
D Under 88%	D Under 78%	

NOTICE TO SPECIAL CLASSIFICATION SHOOTERS

Lady I, Lady II, Veteran, Senior Veteran, Sub Veteran, Junior, Junior Gold and Sub-Junior shooters must declare themselves at the time of classification in order to be eligible for special category trophies, if available. It is the responsibility of special category shooters to ensure that their special category has been noted on their entry form prior to cashiering for the first event entered.

RULES AND REGULATIONS

All tournaments will be governed by the rules of the Amateur Trapshooting Association. Every person who enters a competition agrees to abide by the rules of the Amateur Trapshooting Association *and* the terms of this Program *and* to accept all decisions of shoot management.

8

PURSES AND OPTIONS

There are no compulsory purses in these tournaments. You may shoot for targets and trophies only or play any purses or options in the program.

Purse

One purse (no yardage split) divided 50/30/20% – hi-gun system.

50's Option...

... Three 50's. The first and second 25 target sub-events constitute the first 50, the second and third 25 target sub-events constitute the second 50, and the third and fourth 25 target sub-events constitute the third 50. Entries divided equally into three purses, one for each 50. Each purse divided 50%/30%/20% – percentage system.

Lewis

One class per seven shooters entered. A number of entries not evenly divisible by seven will be rounded to the nearest seven for the purpose of establishing the number of classes. Maximum three classes in any event. Total purse divided equally among classes. Each class purse divided 60%/40% – percentage system.

50/50 Club Pots

50/50 Club Pots are made up of three separate 50 straight purses in any 100 target *handicap* event. The first and second 25 target sub-events constitute the first 50, the second and third 25 target sub-events constitute the second 50, and the third and fourth 25 target sub-events constitute the third 50. Entry fee is \$9.00, of which \$3.00 will be added to each purse. Any shooter who plays the 50/50 Club Pots and breaks all of the targets in any 50 will receive 50% of the purse for that 50. If more than one shooter breaks all of the targets in any 50, they will divide the 50%. Club Pots are progressive and will be carried over from one handicap event to the next, from one shoot to the next and from one year to the next. Entry fees paid at a shoot are added to pots after payoffs are calculated for the shoot.

Special Event.

Proceeds of all bids (less 10% retained by the Club as an administration fee) and shooter entry fee of \$10.00 form the purse. Purse will be divided into one money per seven shooters entered (rounded to the nearest seven) – hi-gun system. Shooter 25%, buyer 75%.

SAFETY

- The practice of tracking targets behind a shooting squad is unsafe, disconcerting to the shooters, and is not permitted.
- A gun, which for any reason fails to fire as intended, must be promptly opened without any subsequent determination by the referee/scorer of the cause of the failure to fire.
- Test shots will not be permitted under any circumstance.
- All guns must have the action opened and contain no live or empty shells at any
 time, except while the shooter is on the firing line. A break open gun may be
 closed when it is in a gun rack but it shall not contain a live or empty shell. A gun
 other than a break open gun must have the action open when it is in a gun rack
 and it shall not contain a live or empty shell.
- A shooter may place a live shell in his gun only when on a post facing the traps. In singles or handicap a shooter may place only one shell at a time in his gun. In Doubles a contestant may place two shells at a time in his gun. All live and empty shells must be removed from the gun before moving from one post to another. Snap caps or recoil reduction devices may be excluded from the foregoing only if colored a safety orange so as to permanently identify them as not being a live or empty shell. In changing from one post to another, it is hightly recommended the shooter not walk in front of other shooters.
- A shooter must not in any manner interfere with the preceding shooter by raising his/her gun to point or otherwise create an observable distraction.
- Shooters are not permitted to shoot while seated in or otherwise using a golf cart on the firing line. Single passenger conveyances are the appropriate means for participating should one require assistance due to permanent or temporary disability.
- All guns must be equipped, fitted and used so as not to eject empty shells in a manner that substantially disturbs or interferes with other contestants.
- If a flag, orange pylon or stop sign appears on the traphouse, immediately unload your gun and wait until it is removed, indicating ready.
- Do not place your hand or any other part of your body over the muzzle of your gun.
 The practice of resting the muzzle of a shotgun on a shooter's toe is discouraged.
- Do not point your gun in the direction of any person even though you know the gun is not loaded.
- Only target loads conforming to ATA specifications may be used.
- Each shooter must have his own gun while on the firing line. The practice of sharing a gun on the firing line is dangerous and will not be allowed.

10

- Protective shooting glasses and ear protection must be worn.
- All empty hulls that hit the ground are the property of the Club.
- All adjustments of the trap machines will be done by authorized personnel only.
- All loading of trap machines will be done by authorized personnel only.
- The Calgary Firearms Centre reserves the right to refuse shooting privileges to any individual possessing faulty firearms and/or ammunition. The Calgary Firearms Centre also reserves the right to expel any individual who, in the opinion of shoot management, disrupts the harmony of a tournament.
- The Calgary Firearms Centre assumes no responsibility for injuries or damages resulting from the use of firearms. The Calgary Firearms Centre assumes no responsibility for the use of faulty firearms or ammunition.
- The Calgary Firearms Centre reserves the right to refuse shooting privileges to individuals who, in the opinion of shoot management, are not in a mental or physical condition to handle a firearm.

THE ALBERTA PROVINCIAL TRAPSHOOTING **CHAMPIONSHIPS**

PRESIDENT'S MESSAGE

Dear Fellow Shooters:

It is my privilege to welcome you to the 2023 Alberta Provincial Championships, which will be hosted by the Calgary Firearms Centre.

Alberta had a great year last year throwing the second most ATA targets in Canada, second to Ontario. We also held a very successful Canadian Championship and the Edmonton Trap Club hosted a very well-run Provincial Championship. The Alberta shooters also made five of the top 10 all stars for the CTA All Star Team. The APTA would like to thank each and every shooter for your continued support. With costs of everything going up, we realize the sacrifice everyone is making to keep our sport going strong in Alberta.

Bob and Carla, with their expert team of employees, always puts on an excellent shoot with top notch food, targets, and hospitality. I am looking forward to seeing everyone there, and best of luck in the tournament.

Sincerely.

Brad Johnson, President Alberta Provincial Trapshooting Association

CLASSIFICATION AND HANDICAPPING

Classification will be based on official averages and known ability. In all cases, known ability will have a strong bearing on classification. The APTA reserves the authority to change the classification of any shooter at any time and the additional authority through proper channels with the ATA to make any yardage change they deem necessary. APTA Board of Directors are the Classification and Handicap Committee for this Shoot. Any shooter whose classification is not signed by an APTA Director will be disqualified. Shooters are required to have their 16-yard and doubles averages computed prior to registration. Shooters who present an average card without all targets recorded and/or without averages being calculated will not be classified until the card is completed.

PENALTY CLASSIFICATION AND YARDAGE:

Singles..... A shooter who

....A shooter who has less than 1000 total 16-yard targets registered for the current and previous two years will be assigned to "B" Class or higher at the discretion of the APTA Director classifying the shooter. At the discretion of the handicap committee, a shooter's class may be adjusted if target minimums are met during the tournament.

Doubles...

... A shooter who has less than 1000 total Doubles targets registered for the current and previous two years will be assigned to "B" Class or higher at the discretion of the APTA Director classifying the shooter. At the discretion of the handicap committee, a shooter's class may be adjusted if target minimums are met during the tournament.

Handicap.

...A shooter will shoot their ATA or PITA yardage, whichever is the longest. However if the shooter has not shot PITA targets in the current or preceding ATA target year and has been granted a reduction after an ATA 1,000 target review, the shooter will shoot from his or her ATA yardage. Shooters 70 years of age or older and who have less than 1000 total handicap targets registered for the current and previous two years will shoot from assigned yardage or average card yardage, whichever is longer. Assigned yardage will be no less than 20 yards. All other shooters who have less than 1000 total Handicap targets registered for the current and previous two years will shoot from assigned yardage or average card yardage, whichever is longer. Assigned yardage will be no less than 23 yards. Yardage may be re-classified if minimums are met during the tournament subject to restrictions.

Subject to penalty classification, the following classification table will be used as a basis for this tournament:

	16 Yards		Doubles
AAA	98% & above	AAA	96% & above
AA	96.25% & under 98%	AA	92% & under 96%
Α	94.75% & under 96.25%	A	89% & under 92%
В	93% & under 94.75%	B	86% & under 89%
C	90% & under 93%	C	82% & under 86%
D	Under 90%	D	Under 82%

CLASS ADVANCES:

10 Vauda

Shooters winning or tying for class in any Singles or Doubles events (including at the discretion of the handicap committee, any Preliminary events that are not included in the HOA) will advance at least one class for the next like event. Should you earn yardage in any Handicap event, it is the shooter's responsibility to report to an Event Coordinator for yardage punch and any possible squadding revisions resulting in movement.

NOTICE TO SPECIAL CATEGORY SHOOTERS

Because All American points will be awarded at this tournament, **shooters may declare only one category** (i.e. Lady I, Lady II, Sub-Junior, Junior, Junior Gold, Sub-Veteran, Veteran or Senior Veteran). Chair shooters are exempt from this rule. Shooters must declare their special category at the time of classification in order to be eligible for special category trophies. It is the responsibility of special category shooters to ensure that their special category has been noted on their entry form prior to cashiering for the first event entered.

TROPHY PROCEDURE

A Category Shooter tied for Closed Event Champion may shoot-off for the Champion-ship Trophy. If the Category shooter fails in the trophy shoot-off they will fall back to the declared Category. Closed Runner-up and Closed Category winners may not fall back to Open Champion. All other qualifying closed Category shooters may fall back in the following order: Open Champion, Closed Class, Open Class. In an event that has no Champion Trophy, the Category shooter whose score qualifies for a trophy in their declared Category may not fall back to place or class. Where there is no Category Trophy offered, the Category shooter is eligible to shoot for Class or Place trophies. Any Category Shooter whose score does not qualify for a trophy in their category, may compete for place or class trophies. Once declarations of Category have been made by the shooter the declaration is final and cannot be changed. There shall be no exception to this rule.

RULES AND REGULATIONS

This tournament will be governed by the rules of the Amateur Trapshooting Association. Every person who enters the competition agrees to abide by the rules of the Amateur Trapshooting Association *and* the terms of this Program *and* to accept all decisions of shoot management.

GRIEVANCES

Because the Provincial Championship tournament is hosted by a club, it has been unclear whether shooters with grievances should address them to the APTA or the club. The APTA Board of Directors has therefore struck a committee consisting of the ATA Delegate and two others to be appointed by the APTA to be responsible for handling all shooter grievances at the tournament. This year's committee is Brad Johnson, Bob Gruszecki and Jim Thomson. Shooters with grievances should contact one of the committee members.

SAFETY

Safety should always be our number one priority. Please review and abide by the safety rules at the front of this Program and ensure that this is a safe and happy event for all.

APTA RECORD BOOK

The APTA would like to continue to collect and maintain records of outstanding and lasting performance. In the past, many notable achievements have gone unnoticed because no suitable means of compiling these achievements existed. Often shooters are reluctant to promote their own achievements, yet this information is of interest to most shooters. Some of the categories we are interested in keeping records of are listed below. If you qualify, or know of anyone who qualifies for listing, please inform the APTA Secretary. Please talk to the old-timers, find out if they know people who may qualify and help us establish this record. While every attempt is made to keep accurate records, the onus is on shooters to notify the APTA of any record and of any error in the records.
